Rescue squad will be billing for its service
Ability to pay not a factor

In an effort to provide adequate funding for the ever-increasing costs, the Salem Rescue Squad will be billing each patient that uses its services beginning January 1. By billing each patient, the squad expects to obtain insurance reimbursement that is available for all services, thus offsetting the savings associated with no-charge transportation and thus offsetting the savings associated with no-charge transportation and thus offsetting the savings.

The rescue squad will continue to provide service to all patients regardless of their ability to pay. Prepayment of all services is not required when the squad is called to an emergency.

Arnold Wise, M.D.

Announces the closing of his practice of orthopedic surgery in Cambridge.

I will be seeing patients in Cambridge through February 12. X-rays and copies of records for forwarding to other physicians are available by contacting the office. William D. Conner will be seeing orthopedic patients in Cambridge beginning in January. He maintains offices in Saratoga and Albany.

The Bennington Orthopedic Group (Dr. Robert Black, Dr. William Katterer and Dr. Daniel Robbins) will also be available to follow orthopedic patients.
