Smart Lines In Warm Flannels

tell you more if you desire.

Are you learning all you can from these salesmen— the advertisements in your daily paper! They come from the market places of the world. They bring the latest facts about the things you want and need, suggest other things you might want or need. They can make life more pleasant, efficient and economical. But you—and you alone—are the judge!

Can you afford to deny an audience to these salesmen? They do more than try to sell you something. They bring you the news of what your neighbors and your country-men are doing in the world of business.

Advertisements do not ring doorbells—but they re-ceive cordial reception from intelligent, discriminating people everywhere. Again and again they point out the only true bargains—sound merchandise at fair prices. When you read the advertisements, you are helping your-self to better things!
